Comment:

25X1

- a. From the observations made ~~[redacted]~~ it may be inferred that a unit was possibly transferred from SCHOENWALDE to STAACKEN. Since no transfer of aircraft was seen, it is assumed that this transfer concerned a ground personnel unit. ~~[redacted]~~

- * b. The aircraft observed in SCHOLARALDE are probably assigned to the transport regiment which has continually been observed there. Besides this regiment, a training regiment of the III Air Corps equipped with Po-2s is assumed to be located in SCHOLARALDE. The aircraft of this regiment were apparently not at the field on the day of observation.
